Define the Problem Statements

Date	19 September 2022
Team ID	PNT2022TMID52857
Project Name	Project-IoT Based Safety Gadget for Child Safety Monitoring and Notification
Maximum Marks	2 Marks

I am Parent	I'm trying to Protect my child and ensure him/her safety	But I'm afraid of her being abused or kidnapped by someone	Because A lot of cases are filled in the country against child trafficking monitor my child	Which makes me feel Unhappy
I am Father of a child	I'm trying to Monitor her health condition throughout	But I don't have any solution to monitor her and her health throughout the day	Because There isn't a device existing which can monitor the health condition of the child	Which makes me feel Worried
I am Mother	I'm trying to Get notification from the child in case of any emergency	But I could't get notification if the child is in need of help	Because There isn't a device that has access for this	Which makes me feel Sad
